Killed by a Chinaman.

WILLIAMS, Cal., Oct. 22.—A quarrel occurred last night six miles east of this place at Jack Brim's ranch, between Brim's China cook and his sheep herder, which resulted in the death of the latter. The herder came in at 5:30 o'clock last evening and asked for something to feed his dog. The Chinaman replied that he must wait; that there was nothing for him. Angry words followed, until the herder clinched the cook, and in the fight the Chinaman drew a knife and stabbed his antagonist in the left lung. The Chinaman called in the ranch hands and told them what had occurred. A man was immediately dispatched to this place for a doctor and officer. The wounded man lingered until 9 a. m. to-day, when death ensued. Soon after the deed was committed the Chinaman left the ranch, and up to this time the officers have not succeeded in capturing him. Deceased was a native of Ireland and had been in Mr. Brim's employ for the past four years.

The story that the Democrats intended colonizing New Mexico, Arizona, Wyoming and other territories with Mormons, admit them as states, and then protect the Mormons in their polygamous practice in return for the Democratic nomination they will send to Washington, is pronounced an absurd concoction.

Close Work with a Bear.

(Times National 19th.)

From Mr. S. S. Russell, of La Porte, we learn that a fight with a bear, on the head of Lost creek, last Sunday. He was hunting, and coming across a large bear fired at him, wounding him severely. The bear made several circles around a large rock, but happening to catch sight of Tebeau he made for him. His gun had been reloaded by that time, and he shot him again but failed to disable him. Dropping the gun he started to climb a small tree, and when about five or six feet from the ground the bear reached for him, tearing with his claws, the whole seat from his pants. He escaped, however, and bruised then concluded to go up after him. A large tree stood near the small one and the bear went up the big one, and when opposite to Tebeau reached for him several times, but was not close enough to catch him. He was so close, however, that the blood from the bullet wounds "spirted" all over him. The bear soon commenced to show signs of sickness and went down the tree. Tebeau followed him, recovered his gun and shot him several times, but he got into the thick chaparral where he was afraid to follow, and he gave up the chase. He says he likes excitement, but that was rather too lively to be pleasant.

(Eureka Leader, Tuesday.)

The west-bound passenger train on the Central Pacific railroad was thrown from the track yesterday, at a point a few miles east of Beowawe. No damage was done, and the cars were speedily replaced upon the rails, but as the start was made, a passenger by the name of J. L. Thomas fell beneath the wheels and was fatally injured. Both legs were frightfully crushed, and other injuries received. He was taken on board in a dying condition and properly cared for. Our informant states that the injured man was a resident of Buffalo, New York, and was on a pleasure trip to San Francisco.

A Good Job Well Done.

A man named Chaffin had taken one Newton's wife, with the intention of eloping. Newton seized a double-barreled shotgun pursued them, and literally shot Chaffin's head into fragments. He then took his wife behind him and returned in the direction of home. Chaffin was left with his brains strewn all over the ground.

At Boston, on the 23d, Thomas Mahony the oarsman of Lowell, died from injuries received at the Wollaston disaster—making 21 deaths.

The Clothing War.

EDITOR GAZETTE: In the Journal of October 3d, I find an announcement signed L. Abrahams, of the White House. This announcement sets forth that other dealers in clothing keeps "humbag shops" and offer "unsalable goods" to the public. He also believes that these humbug dealers "lie to deceive the public." I represent, for my part of the humbuggery, Mr. Editor, I represent that when I offer "unsalable goods" I always suffer for it, and Mr. Abrahams, the people have my goods long enough to know better than Mr. Abrahams whether they come from a "humbag shop" or not. During my many years residence and business in Reno, I have made my own reputation and it is safe from the interested charges brought by this newcomer at the White House.

Now, whether I keep a humbug shop or not, I shall continue to sell the best goods in market and at the lowest rates. I shall sell men and boys clothing cheaper than "Whitely" can sell them. I shall keep more goods, and a better stock always on hand. And all of these assertions, so far from being "lies to deceive the public" can be proven by my patrons during the past week as they have been proven any time during the past ten years.

Any one wishing eggs for hatching.

From pure bred fowls, Dark Brahma, Buff Cochins or Houdans, can obtain them by applying to J. M. Hayek. 4-10-78

Don't Forget It.

If you are troubled with nervousness, are disheartened, tired of life, fear death or feel out of sorts, as you have the Dyspepsia or Liver Complaint. The liver is very apt to become torpid at this season of the year, as poisons arising from marshes, stagnant water are more numerous, and are, through inhalation, taken into the blood. Unless the liver is strong and active, and furnishes a supply of fresh and pure blood to drive out the impurities, the above mentioned symptoms surely follow, and if not heeded, end in more terrible diseases and death. White's Prairie Flower proves itself the great liver panacea. Its action on the liver is different from any medicine ever compounded. Its cures are truly wonderful. Try it. Price, twenty-five cents and seventy-five cents. For sale by our druggists, OGDON & SMOOTHER. 4-7-78

A CARD TO THE PUBLIC.—I do not sell any goods 50 per cent. below cost, or even at cost, but I offer my first-class stock of clothing, furnishing goods, boots and shoes, hats and caps, trunks and valises, etc., which have been bought for cash at the lowest market rates. Therefore I wish the public to post themselves on my prices before going to the humbug shops where they are always drumming into the ear that they are selling at cost, or below cost. They either bought unsalable goods or they lie to deceive the public; they don't deserve to be patronized. Remember the One Price Store—The White House—No. 19 Commercial Row, next door to the postoffice. L. ABRAHAMS.

EDITORIAL NOTES.

Night before last Mr. Hillhouse roared that money in large sums had been placed in the hands of corrupt men all over the state to compass the re-election of Senator Jones. Mr. Hillhouse, being a Democrat, ought of course, to know better than we about any schemes that may be afoot for bribing Democratic voters. Any man with money can do that, certainly, but we should not think it a matter to boast about. Mr. Hillhouse, if he knows any of those corrupt men, ought to tell the people who they are. Possibly, however, as he desires all the Democratic votes he can get for himself, he feels a natural hesitation in exciting the wrath of the party of reform by putting himself between it and any \$20 pieces. More probably, though, Mr. Hillhouse allowed his desire to get its belting on the wheel of his imagination.

It is rather curious that all the leading Democratic orators who are despairingly wandering around the state this fall are howlers of the old school. Kittrell can be heard farther than any other living man, Hillhouse screeches and bellows and Blennerhassett fairly howls when excited. If sound were argument, the Republican party would be wiped out of existence in Nevada. Daggett talks earnestly, taking no thought of his manner, which is manly and reserved; Kinkead speaks to the people in conversational style and Harry Mighels upon the platform is the essence of quiet naturalness. And shall the prespiring and thunderous Democratic oratory prevail against them? We hear within the editorial carcass a still, small voice whispering "Nary."

The New York Commercial Advertiser says that Henry Ward Beecher, general Woodford and Colonel "Bob" Ingorsol are pretty much of the same opinion concerning hell. The colonel says there is no such place; the general is so convinced that there isn't that he breaks with his church on that point; and the Plymouth pastor holds a modified opinion, the purport of which is that, at the worst, there is only a purgatory, uncomfortable but temporary. Of course, this tacit agreement of three distinguished orators upon a long-controverted question will tinge all the future discourses they may address to eager audiences. And Universalism may be expected to grow accordingly.

A tremendous battle has just been decided in Stockbridge, Connecticut, which is evidently a town composed of go-ahead citizens full of the spirit of modern civilization. David Dudley Field was born in Stockbridge, and, desiring to commemorate the fact, he presented a chime of bells to the Episcopal church. The gift was declined and was then offered to the Congregationalists and again declined. Field applied for permission to erect a stone tower on the village green to hold his bells. This was also refused. The town became divided into two great factions, chimes and anti-chimes. After a number of public meetings the chimes won and the stone tower will go up.

A dispatch which will be found in another column, from Nashville, tells how a husband pursued his wife and the man with whom she was eloping and coming up with the wicked couple, blew the head off the male eloper with a shotgun. This is as it should be. Had some of the buckshot struck the female also it would not have been a matter for great grief. The divorce laws make it easy enough for an unhappy wife to free herself and marry when she chooses.

We had occasion the other day, to find fault with the Nevada City Transcript for nipping our paragraphs, and the hell-bound cut-throat apologizes by informing "the shlimy sarpint who wields his caustic pencil for the gratification of the depraved millions who find sweet solace in perusing the RENO GAZETTE," that his predecessor was "accidentally guilty" of the glaring thefts.

There has been a rumor afloat today that the citizens of Truckee had risen at last and hanged editor McGlashan, of the Republican. We beg to be believed when we say that we shall be sorry if this rumor be confirmed, for with all his faults Mc-

Glavan was considerably better than a few men we have known. Peace to his bones and other remains.

The California constitutional convention may be something that fills the gods with inextinguishable laughter, but it is also something that causes the tax-payer to grind his teeth. The ignorance and folly of the Kearney element in the body is costing the state many thousands of dollars.

Freddy Hart, the jabberwock of the Austin Reveille, is wroth with the GAZETTE. We intended you should be, little one. It diverteth our mind from graver cares to behold thee prancing frantically because that a dart or two from our bow hath entered that thin hide of thine. Burble on, young snark, burble on.

Any information concerning the whereabouts of one L. R. Bradley will be gladly received at this office. The missing man was a governor by trade, although he had not for several years engaged actively in the business, owing to his advanced age. If found, put him on the stump.

The Ward Reflector has begun its fourth volume. It has faith in the future of Ward, although it deprecates the present dullness of that camp. The Reflector has the best wishes of the GAZETTE, for it is well edited, and gives the news of its district in good style.

Deacon Parkinson says he has been an American citizen for 28 years. Yet most people to read the Tribune would naturally suppose, such is his familiarity with American politics, that he had been discovered and imported by Stanley.

Colonel Ellis and S. P. Davis, of the Virginia Chronicle, are stumping the eastern part of the state in the interests of the Republican party. Ellis makes Democratic speeches and Davis follows with something he calls "cartoon sketches" of the Republican candidates.

It is understood that W. E. F. Deal will not make any more speeches during this campaign, as he is engaged on an exhaustive work to be entitled "A Well Dressed Dummy; or, the Recollections of an Eminent Respectable Man."

What is the matter with the Nashys between here and Virginia? We frequently fail to receive the Virginia Chronicle, the Lyon County Times, and the Carson papers.

Kinkead, Daggett, Mighels, Hammond, Murphy and Woodburn are stumping the state. Where is J. P. Jones?

The St. Louis Globe-Democrat says that old Sammy Tilden will shortly marry, a belle of that city. We cipher for it.

The Lassen Advocate is issuing a daily during the continuance of the Susanville fair. That's enterprising.

Governor Kinkead.
[Ward Reflector, Dem.]

John H. Kinkead was next introduced and set himself right on the charges made against him. The governor is an honest appearing gentleman—looks fully as honest as Bradley, and quite as intelligent. He is able to get his tongue around a word of three syllables quite comfortably; talks like one of the old school gentlemen, and the chances are, he could write his own message and that a column of figures would not "stump" him. Mr. Kinkead, in a straightforward sort of way and, without blushing, which is sometimes a good sign, asserted that he was in no way connected or associated with railroads or bonanza rings and never expected to be. We are disposed to do him justice if he is a Republican.

Railroad Combination.
CHICAGO, October 23d.—The particulars have become known here concerning the lease of the Denver and Rio Grande railroad by the Atchison, Topeka and Santa Fe road for thirty years. The lease takes effect on Dec. 1st. The Denver and Rio Grande receives 49 per cent of the gross earnings, decreasing 1 per cent yearly, and will receive 37 per cent from the seventh to the fourteenth year. The San Juan silver mines are to be opened through the Grand Canyon of Arkansas, and the ultimate design is to connect with the Kansas Pacific. This transaction is regarded as a defeat of Jay Gould and a warm competition with the Union Pacific for freight traffic is predicted.

Regarding Willie's Epistles.
SAN FRANCISCO, Oct. 23.—Nothing of especial importance concerning the much-coveted Wilton letters has been newly developed. The letters, sealed in one package and still unopened, are yet in the possession of the sheriff, awaiting further legal proceedings. The matter of the injunction restraining the public administrator from opening or making use of the letters is set for hearing on Friday next. It is not expected that any further action will be taken in the matter until Miss Wilton shall have arrived and can appear in person.

Russia's Intentions.
LONDON, October 23d.—A dispatch from Constantinople says that Prince Lobanoff informed Saffet Pasha, on Monday, that the Russians will not retreat from their positions at Midia, Viss, Lulebour and Tchiffikol, until some arrangement is made concerning the Christian fugitives whose following close to these points and have a strong force at Tchoorlu. It is not true that the Russians hold Tchistaldja. Prince Lobanoff likewise reiterated that the Russians will not quit Adrianople until after the signing of a definite treaty.

A Fair Shot.
[Virginia Enterprise.]
The Eureka Sentinel says: "The Enterprise admits that no Democrat should scratch Mr. Deal. We can not be so magnanimous toward Mr. Daggett. We think every Republican in the state should have a pencil and use it on election day." Yes, helping Democrats who can not read to scratch intelligibly their ticket.

DIED.

GOEGGEL.—In Reno, Oct. 23d, Frances Jane, wife of Wm. Goeggel, a native of Honey Lake valley, California, aged 18 years and 11 months.
[The funeral will take place from her late residence on Fourth street at 2 o'clock tomorrow and not from the Catholic church, as announced, by reason of the absence of Father Radfio from town. Friends and acquaintances are invited to attend.]

JOTTINGS.

—There hasn't been a fight in Reno for two days.
—Hon. Wm Woodburn will address the people of Reno on Monday next.
—The wife of Wm Goeggel died last evening of consumption, after a long illness.
—The nights are becoming very cold and hot whisky is in high favor with the Democracy.
—The GAZETTE is the only paper in Reno which gives reports of the political meetings.
—A letter addressed to Alexander M. Adams, Tacoma, Washington territory, is held for postage at the post-office.
—To-night Messrs. Varian, Boardman, Underwood and other Republican candidates will address the people of Glendale.
—Mrs. A. McEwen, a lady long connected with the press of California and Nevada, to-day favored the GAZETTE office with a call.
—L. S. Burchard, formerly local editor of the GAZETTE, has become a slave of the fastening monopoly. He toils in the C. P. freight office.
—The Congregational church social will be held at the residence of Mrs. R. P. McGree to-morrow evening. A pleasant time may be expected.
—The eye of the married Renoitte has about it that haunted look which unmistakably announces that the time for the purchase of winter dresses has arrived.
—Elder B. A. Stephens, will tackle the subject of Spiritualism at the Congregational church this evening, and of course, demolish the same. The lecture will be free.
—The discussion of spiritualism is shaking up the town just now. Why don't the spooks tear up the railroad track or put a head on a parson or two, just to show that they are around?
—A number of young people are moving for the formation of a reading club, the idea being to spend some of the long winter evenings pleasantly and profitably. There is room for lots of that kind of fun in Reno.
—One of the most acceptable presents that a well-to-do young man can make to a pretty girl at this season of the year is a marriage certificate properly and legally filled out. They can be purchased in blank at ruinous rates at this office.
—A wealthy and intelligent New York gentleman who is visiting Reno, says that one of the most astonishing things that has come to his knowledge concerning this town is that the EVENING GAZETTE is only \$10 a year. The prices for job work are so low that he thinks of moving his family out here.

Balloons.

The GAZETTE job office has peculiarly good facilities for printing election ballots. If privacy be desired, the printing will be sure to be placed in trustworthy hands.

JONES' CORRUPTION FUND.

Anxiety of Some Patriots to Find Its Rascally Agents.

"Whist, Barney! Come here wid yez," whispered mysteriously, a faithful Democrat who had just come out from loudly applauding Mr. Hillhouse's speech night before last. "Did ye hear fwhat he said about Jones?"
"Dade, an' Oi did," said Barney as he was dragged by the button-hole into a dark corner. "He banged it to Jones like the very devil. Sure an' I allus thought Jones was the man that made the shilver bill, but begob that foine loud shaker, Blinnurhassett sez he'd nothin' to do wid it. So do Mishter Hillhouse, troth."
"Divil a hair Oi care about the shilver bill. Did ye hear the maln pint av Hillhouse's speech?"
"Fwhat main pint, Patsy?"
"The main fwher, he said that corrupt minn all over the state have bags av Jones' gold to give to voters?"
"Hush, ye owmadohn, don't shpake so loud," whispered Barney eagerly. "Fwher can we find the corrupt minn, d'ye think, Patsy?"
"Troth, it's hard tellin' Barney. Oi'm afear'd the mane divils is sinkin' an uz an' shitaln' fwhat that illigitint gintilman, Mr. Jones, intended for uz poor min. Shure there's shameful chaytin' in politics. Let's take a shipn around the shaloons."
"Fwhat fur, Patsy? I have no money."
"Fwhat fur? Fwher mebbe if we has luck we'll run agin the corrupt minn."
And the two staunch Democrats started on their spin.

What is "Tucking?"

A couple of months ago the GAZETTE contained an item descriptive of the visit of a newly married man to this office, whose wife, then at Truckee, had written to him to send her some "tucking," which she informed him he would find at the bottom of her trunk. He came in to look up the word in the office dictionary, but couldn't find it. A reporter thought he knew what it was, and confidently described the process of [rocheting]. The editor, in a state of grave contempt, set the reporter right, and dictatorially described the manufacture of tucking. The visitor, happened to know what tucking is, and told the editor he was wrong, and the editor fired him out. The item is now traveling all over the country, exciting ignorant editors painfully. The Phonograph, published at Calby, Wisconsin, arrives this morning with the latest effort at explanation. Here it is.
"What ignorance. Any one ought to be able to tell what tucking is. The ladies use it around dress skirts. We have seen them make lots of it. They take a board about twelve or fourteen inches long, with side boards on, and wire slats laid across; they lay a strip of cloth on it, and with a piece of tin tuck it down between the slats; then they sprinkle water over the cloth, and iron with a hot iron. That's tucking."
This is the worst yet. A man shut up in a monastery ought to know that the stuff made as the Phonograph describes, is pleating. The question is still dark. What is tucking? Tell us somebody.

Aggressive Ignorance.

St. Paul got even with Alexander the coppersmith, who had done him much evil by giving him an adverse notice that is read to this day. There is a GAZETTE reporter who hopes that this item will also be read for the next eighteen hundred years. In the report of Mr. Blennerhassett's speech, published yesterday, he wrote that, according to the fiery and untamed B. Kinkead, the robber of Unionville, invariably handed over his booty to the Central Pacific company, but the intelligent compositor substituted "bloody shirt" for booty—an improvement the value of which only aggressive typographical ignorance can perceive. Such little changes as special for speech, deserves for desires and ravings for rearings, only cast a pleasing atmosphere of stupidity around the reporter's meaning and serve to enhance his already widespread reputation for idiocy.

Yellow Fever Contributions.

San Francisco Stock Exchange of yesterday says: "We have had occasion more than once to call attention, in a severe manner, to the unpleasant idiosyncrasies of the editor of the Reno GAZETTE, especially his tendency to speak disrespectfully of his betters, but we must congratulate him on a noble piece of work in behalf of a suffering humanity. For six weeks he urged Reno to subscribe liberally to the yellow fever fund, and at last his fiery eloquence prevailed. Reno responded gallantly, and her contribution was on Monday last received by the committee in this city. It was \$12.50. As a neatly turned paragraph this is pretty well, but it is a falsehood for all that. Reno has sent between \$600 and \$700 to the yellow fever sufferers."

Coroner's Jury's Verdict.

The coroner's jury in the case of Mr. Parks, killed yesterday on the V. & T. track, returned a verdict that he came to his death by being struck and run over by locomotive No. 48, belonging to the Central Pacific railroad in charge of Albert Lyman, engineer, and Gladstone, fireman. The jury finds that Parks' death was due to gross and criminal carelessness on the part of Albert Lyman, Mr. Gladstone and W. H. Getchell, and suggests that the practice of leaving the crossing partially or wholly blocked with cars can not be censured too strongly. The verdict is signed by B. B. Baum, W. B. McGue, D. Baker, Edwin Pater, J. B. Gamble, and Amos Alt.

A HEAVY POKER GAME.

Two Prosser Creek Capitalists Stake their All.

A man of thoughtful aspect sat on an empty beer keg on Commercial row this afternoon. His raiment was mean and he looked hungry. He nodded to a GAZETTE reporter whom he had known in better days.
"I'm lookin' tough, 'aint I?" he said with a sad smile. "You needn't say I aint, for I'm as tough looking as any tramp that's struck the town for a year. Will I take a drink? Would a duck swim?"
And over the hospitable beer table he removed the lid from the trunk of his woes.
"Poker done it, my boy. Two months ago I struck a game down here and lost every splitter. So did you! Tuffnut—you know him, don't you? A pretty good fellow, eh? Well, that's a matter of opinion. I thought so once myself. Hows'ever me and Tuffnut bein' strapped, went off on the tramp an' took a contract to split a hundred cords o' wood up to Prosser creek. That was two months ago an' last Saturday we finished the job an' we thought as though we had ought to have a little blow-out on the head of it, an' I footed it to Truckee—a good n'r miles, an' brought back a gallon o' whiskey to our cabin. We got to drinkin' an' by an' by Jim pulls out the cards and proposes a game o' seven up. We played for fun at first an' then I spoke up an' proposed that we take a hack at poker.
"What'll we play for?" says Jim.
"For the wood," says I. "One stick ante."
"Done," says Jim. "One stick ante."
"No," says I, "two sticks."
"Two sticks goes," says he, and the game begun.
"Well, sir; we played all night. Once I had Jim down to half a cord, but he crawled up again and I dealt myself four fours and backed 'em with every cord I had. Jim had four eights. Blast my hide if that duffer would give me a couple o' dollars, after cleanin' me out o' \$75 worth o' the hardest work I ever done in my life. He called me a tramp, sir, and ordered me out o' the cabin. Oh, I'll get even with him yet. Thankee. I'll pay this dollar if I never do another, you can bet yer life on that."

Min Av Inflorence.

The min av inflorence are painfully numerous and are increasing as the day of election draws near. The old tough who can't "sawing from forty to fifty votes by—sir," don't live in Reno. The man of inflorence conscientiously puts in from twelve to eighteen hours work daily at those centers of political activity, the saloons. He is very grave and keeps his forehead continually wrinkled with severe thought. He speaks to candidates only in whispers and can nod with more influential meaning than any other living man. His wink is a whole essay on the art of connubiating, and his assumption of knowing how every man on the great register will vote is so calm and brazen as to floor the very elect. He is very poorly dressed, is the man of inflorence, and he keeps near the store during working hours—which continue as long as the saloons remain open. He does not get much money for all his wisdom and work, but he is well satisfied, is the man of inflorence, if he can roll home to bed—if he have one—drunker than he was the night before.

Love Making a la Tilden.

It would be a treat to get at the love letters of that gay young blade Sam Tilden, who is going to marry the St. Louis belle. Ten to one they run like this:
Last own if throbs but would moon precisely your you young' you this tonight heart young you ducky how last write 10 o'clock your in think my of and at the in not for how darling coldly Sammy as look at so.
[Use key seven.]

[TRANSLATION.]

My own ducky darling: If you but knew how this young heart throbs for you, you would not write so coldly as in your last. Look at the moon at 10 o'clock precisely and think of your own SAMMY.

State Medical Society.

We have received a pamphlet of fifty-two pages containing the proceedings of the Nevada State Medical Society at its first semi-annual meeting, held in Virginia, July 1st, 1878. The oration of Dr. A. Dawson of Reno, delivered before the society and a variety of other matter of interest to the profession and public is given. The society has now a membership of about forty. Previous to its formation Nevada was the only state in the Union without an association of the kind.

A Brakeman Killed.

Malcom Ross, a brakeman on the C. P. road, was killed near Golconda on Sunday night last. The coroner's inquest was held at Winnemucca and the jury returned a verdict that he fell from or was thrown off the train by unknown persons. Ross was formerly an engineer at the Imperial mine in Virginia City and was also a policeman for a long time. He was a warm-hearted man and made friends everywhere.

A Printer Injured.

There was a sensation in the GAZETTE composing rooms to day. A man connected with one of the largest job printing establishments of San Francisco was knocked down with a sledgehammer by trying to steal some of the billheads printed at this office, for the baleful purpose of taking them down to the bay as models. Prices are very low in this establishment for this class of work, (the bill heads, not the knocking down.)

The Industrious Plute.

As the weather grows colder the Plute awakes to the fact that work must be done to prepare for the winter, so he goes around and hunts up wood that needs sawing and splitting and sets his squaw at work. Several of the native ladies may be seen thus employed.

REPUBLICAN PLATFORM.

ELECTION, TUESDAY, NOVEMBER 5, 1878.

Resolved, That we re-affirm the principles of, and renew our allegiance to the party which preserved the Union, freed the slaves and maintained the essential doctrine: that this is a nation and not a confederacy bound together with ropes of sand, and that both State and national governments should give ample and complete protection to its citizens, both at home and abroad; that against the assaults of traitors and rebels the Republican party has preserved these governments; and the Republicans of Nevada now demand that every qualified elector in every State—in every State, South and North, Democratic or Republican, black or white—shall be permitted, undisturbed by force and unswayed by fear, to vote at all elections, at the places prescribed by law, and that every vote so cast shall be honestly counted, and that every person chosen by such vote, to any office shall be freely inducted into it, and effectively supported in the discharge of its duties. That the permanent pacification of the Southern section of the Union, and complete protection of all its citizens, in their civil, political, personal and property rights, is the duty to which the Republican party stands solemnly pledged. In order to redeem this pledge, it placed the recent amendments in the Constitution, and upon the righteous basis of said amendments it will go forward in the work of pacification, until peace shall come through right doing, and contentment through justice. That the evident purpose of the Democratic party, if it should come into full power, is to pay hundreds of millions of dollars in claims of disloyal men, already presented to Congress or awaiting a favorable moment for presentation, makes it doubly important, now that the Senate is soon to pass under Democratic domination, that the House of Representatives to be chosen in the coming election should be under Republican control.

Resolved, That the validity of the presidential term was definitely and finally settled by the forty-fourth Congress, and that the attempt shadowed forth by the Potter resolutions to disturb the title by which President Hayes and Vice-President Wheeler held their seats is revolutionary and dangerous in the extreme, and characteristic as it is of the underlying motives of the rebel Democracy call for our unqualified disapproval and denunciation.

Resolved, That it is the duty of Congress to perfect with all possible expedition such legislation as will secure to the country the benefit of an honest and fair adjustment of freight and fares on all railroads, whose construction is the result of land grants, subsidies, loans and other government aid assistance.

Resolved, That the Republican party favors and demands at the hands of the State Legislature legislation having in view the regulation and equalization of freight and fares on all railroads within this State.

Resolved, That in their shameless disregard of our avowed principles, the Democratic party of this State in their unmistakable purpose to nominate the present incumbent of the office of Governor, have brought upon themselves the deserved distrust, not only of every Republican, but of the more honorable and consistent members of their own party.

Resolved, That we believe in the doctrine of rotation in office, and that so believing we are opposed to the nomination of candidates to office under the State government for a third term.

Resolved, That we have with joy the remonetization of silver as a step toward our emancipation from the grasp of the corrupt money rings of Europe and America, and we ask Congress to complete the measure of our redemption by according to silver unrestricted coinage.

Resolved, That in the legislation of the forty-fifth Congress, nothing more fully commands our approbation than the efforts of our Senators and Representatives in securing the remonetization of silver and the dual standard in the coinage of the country.

Resolved, That there should be retrenchment in the public service, that men elected to office should be qualified by education, intelligence and business habits to perform the duties of their respective offices, and that the system of deputyships and clerkships at present existing in the interest of State officers should be abolished at once and forever.

Resolved, That public lands are the property of the people, and therefore they should be reserved for actual settlers, aided in their settlement by the Government and protected in their possessions by just laws.

Resolved, That we recognize the wisdom of the framers of our constitution in providing for the taxation of the proceeds of the mines; that all taxes should be equal and uniform; that the present system of taxation is as just and fair as any that can be devised and should be preserved; that the mining corporations doing business in this State pay more than their just proportion of taxes, while the railroad property situated within this State pay much less than its just proportion; that no more taxes should be raised any one year than are necessary to defray the actual and necessary expenses of the State during the same period, when economically and honestly administered; that the present rate of assessment of property should be decreased so as to produce only such a sum as is absolutely required to pay the expenses of the State, and we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the fee bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to existing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by successful candidates for office are binding

aid States; that the principal and practice are fraught with danger to our Republican reform government, and should be frowned down, and resisted by every individual who has at heart the welfare of American institutions and the freedom of the masses.

Resolved, That we are unalterably opposed to the diversion of any moneys raised by the taxation of the whole people to the use or benefit of any sect or religious denomination.

Resolved, That we solemnly declare it to be the sentiment of the Republican party that the breach of a pledge given to a nominating convention by a successful candidate for office is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That to promote the advancement of education and morals, and to stimulate a true and beneficent enlightenment, and to preserve to the men, women and children of this State the fruits of the taxes so cheerfully borne and generally disbursed in behalf of our admirable system of public schools; to maintain the Union and protect its flag; to guard the memories of the dead who died in the name of Union, liberty and law; and to vindicate our acts and purposes in the aim and mission of the Republican party here and elsewhere; and, first of all, to do that which is best, for the preservation and perpetuation of that party and its principles, holding all men's claims and aspirations secondary to these high claims and ends: these are our duties, and these the intentions we do most strenuously maintain and avow.

E. B. HARRIS, Chairman.
A. L. DOWEN, Secretary.
Of the Republican State Central Committee.

REPUBLICAN COUNTY PLATFORM.

Resolved, That we have known the Republican party to be the party of good government, and that it has always guaranteed the greatest good to the greatest number. Believing that an insidious foe in time of peace is no less dangerous than an avowed enemy in time of war, we refer to the glorious record of the Republican party as a full guarantee of its national use and significance. We therefore declare it to be the first duty of good citizens and in the first interests of good government that the Republican party be continued as the law-making power of the land.

Resolved, That we do heartily endorse the platform of the State convention of our party, held in Eureka Sept. 18th. That we endorse the same, both in spirit and letter, and do pledge our candidates to a fulfillment of the promises therein made to the people.

Resolved, That this convention, as a representative of the Republican party of Washoe county, heartily endorse and applaud the vote of the Legislature of '77 upon the infamous Bullion Tax compromise bill. And we declare that in our best judgment such vote was cast for honesty, purity and the public good.

Resolved, That in our best judgment, the official acts of the Hon. J. P. Jones in the Senate of the United States meets with the hearty concurrence and approbation of the Republican party of Washoe county.

Resolved, That Washoe county demands a careful revision of the fee bill of this State, and such legislation relative to the compensation of public officials as the exigencies of the case requires. Believing that the fees of the public servants ought to be definitely and precisely fixed by law and regulated upon the basis of a fair compensation for the service performed, our candidates for the Senate and Assembly are hereby instructed and pledged, if elected, to use honorable means to secure legislation in this respect that will equitably regulate and adjust the correlative obligations of the people and public officers concerning public duties and the compensation therefor.

Resolved, That the Republican party of Washoe county believes the very first qualifications of its candidates must be honesty and capacity. No personal friendships or popularity shall be permitted to conceal or extenuate the dishonest or incapable administration of public affairs. Therefore the Republican party in convention assembled does hereby pledge itself and its candidates to a careful and prudent administration of the county affairs, and to such reforms or to existing abuses as the nature of the case demands.

Resolved, That we solemnly declare it to be the doctrine of the Republican party that the pledges given to a nominating convention by successful candidates for office are binding

and valid during his official term, that there is no power in any committee, State or county, to revoke them, and that a breach of such pledges is more disgraceful and dishonorable than the violation of any private trust or duty can possibly be.

Resolved, That we recognize property as the product of labor applied to forest, field, forge, furnace, mine and manufacture. That the wealth of any State or nation is proportionate to the number of its laborers. That States are more or less prosperous according to the wages which its laborers command, and that labor is the product while capital is only the result of such production. Believing that the policy of capital gives luxury to the few while well paid and prosperous labor gives comfort to all. We declare our wish that the interests of labor shall have a governing influence in shaping the affairs of state, thus bringing the greatest good to the greatest number.

Resolved, That the convention refuses to confer any appointing or elective power whatsoever upon the county central committee which shall be named by this body. We recognize the right of the people alone to name delegates to all conventions of the party, and we repudiate any other course as a manifest attempt to usurp by committee action rights which belong alike to every Republican.

Resolved, That our Senator and Assemblymen are pledged against remission of the penalty of \$125,000 due the State from certain mining companies doing business in Storey county, and to oppose any bill looking to relieve such companies from said obligations.

DEMOCRATIC PLATFORM.

The Democratic party of the State of Nevada announces the following as its platform of principles and live issues for the present campaign. The Democratic party affirms as its principles:

Gold and silver the only legal tender; no currency unconvertible with coin; the honest payment of the public debt; a sacred preservation of the public faith; revenue reform, and a tariff for revenue only; no government partnership with monopolies, no subsidies to corporations or individuals; no class legislation; no unjust or unequal taxation; the reservation of so much of the public domain as the Republican party has not already given away to railroad corporations, for the benefit of actual settlers; the maintenance of a non-sectarian common school system; acquiescence in the lawfully expressed will of the majority; the equality of all citizens before the law; economy in public expenses, that labor may be lightly burdened; subordination of the military to the civil power; no centralization; and a strict construction of the Federal Constitution.

As important issues, entitled to especial mention, the Democratic party of Nevada presents:

1st. The induction of R. B. Hayes into the office of President, in violation of the clearly expressed will of the people, is denounced as the highest crime against free government and the most dangerous encroachment upon popular rights ever perpetrated in the country. While in the high interest of public tranquility we submit to the constituted Federal Administration, yet the investigation of the House of Representatives is specially commended to the end that the vile bargaining and corruption may be exposed and the brand of infamy stamped where it rightfully belongs.

2d. The Democracy of Nevada advocates the removal of all restrictions to the coinage of silver and the re-establishment of silver as a money metal the same as gold—the same as it was before its fraudulent demonetization by a Republican Congress in 1873; the substitution of United States currency for national bank notes; no further sale of interest bearing bonds for coin for redemption purposes but the gradual reduction of the public debt; and rigid economy in all branches of the public service.

3d. In view of the recent decision of the

Supreme Court of the United States, State and National legislation is demanded to protect the people of Nevada from the outrageous discrimination and excessive charges of railroad corporations, within this State.

4th. The Democracy of Nevada denounces the Chinese element as an incubus that will paralyze honest labor in any civilized country on earth and demands such a radical change in the treaty with the Chinese Empire as will forever stop the immigration of the Chinese to the United States.

5th. The Democracy of Nevada is in favor of the State, county and municipal government; and that every species of property bear its just and equal burden of taxation. While no war is made on the great corporations, it is demanded that their property shall contribute to the support of government, the same as other property. Unfashioning opposition to any further exemption of the net proceeds of the mines is announced, the mining interests being now sufficiently encouraged and protected. Such a reduction of State taxation is demanded as will prevent any accumulation of money in the State Treasury, and as will only furnish a sufficiency for the interest on the State debt and the economical administration of the State government.

6th. The Democracy repudiates the doctrine that any officer may disregard and ignore the pledges made by his constituents, and declares that if such practice be tolerated it will result in the destruction of representative Democratic government, and we declare that no power exists which can relieve officials from pledges made to the people previous to election.

7th. The Democracy of Nevada holds the ballot to be the inalienable right of free citizens, views with alarm the efforts of the great foreign corporations to control the political contests in Nevada, and urges the people of this State by their votes and the polls in the approaching election, so signally to rebuke and trample upon such interference as will forever prevent its repetition.

8th. The Democracy of Nevada recognizes the right as well as the necessity, of organizing and maintaining by the industrial classes, Miner's Unions, and "Mechanic's Unions," and other associations, for the purpose of protection against Chinese paper labor. Under a wise and frugal government, which it is the mission of the Democracy to maintain and perpetuate, any resort to force, or to violation of law, or invasion of the right of person or property, to redress grievances, is needless and at war with free institutions. By legislators favoring and favoring the great moneyed corporations, and national banks, railroad, steamship, telegraphic and manufacturing companies, the Republican party has perverted the Government from its true object, protecting the people, and made it the instrument of plundering them. It has concentrated vast wealth in the hands of a few, while the toiling millions who created that wealth are struggling in poverty and enforced idleness; and it has enabled monopolies to devour so great a portion of the earnings as to take from the mouth of labor the bread it has earned.

9th. The Democracy of Nevada congratulates the country upon the acceptance, by the present administration, of the constitutional and pacific policy of local and self-government in the States South, so long advocated by the Democratic party, resulting in peace and harmony to that section of the Union.

10th. The Democracy demands the Legislature to pass additional enactments to enable stockholders to visit and examine mining property in which they are interested.

THE THIRD GOVERNMENTAL TERM.

The Democracy declare that honesty, capacity, devotion to the truest principles of Government and the faithful observance of pledges, constitute of themselves the highest title to its rewarded confidence, and further there is no resemblance between the case of the Governor of a State, with little patronage, and with powers limited by the strict provisions of the constitution, and that of a President of the United States, by virtue of his office, Commander-in-Chief of the army and navy and the head of one hundred thousand office-holders, striving to perpetuate a personal and tyrannical rule by the unscrupulous use of all means at his command. The career of the late President of the United States furnishes the most complete proof of the danger of a third Presidential term, which we warn against and seek to avoid in the future; that of the present Governor of Nevada presents the strongest evidence of the wisdom of our action in discarding, in its application to State affairs, a doctrine long repudiated by the Republican party, and now flouted by it for the present occasion.

Finally, the Democratic party of Nevada, by its convention assembled, takes occasion to especially commend Governor L. R. Bradley for preventing, by his veto, an unjust modification of the revenue laws now in force taxing the proceeds of the mines, showing himself by his fearless vindication of the people's rights worthy of the full confidence of the good and true men of all parties of this State.
